

# SKYLINE LACROSSE CLUB

## Wall Ball Academy

Skyline Wall Ball Academy is a program designed to benefit new and seasoned players. Those new to lacrosse will acquire necessary stick skills required for success on the field. Throwing and catching confidence translates into an overall better beginning experience for new players; making a wall ball clinic the perfect place to try the fastest growing sport in the country. Experienced players know a wall ball routine is crucial for continuous growth. From brand new players to high school All-Americans, this program can benefit all levels.

Skyline Varsity Lacrosse Coach, Sam Hutson, will guide you through his program, using traditional fundamentals and new techniques, so every workout will teach and challenge the basics, and inspire creativity.

**YOU CAN  
NEVER  
SPEND  
TOO MUCH  
TIME  
ON THE
