

Exploring ROBOTICS

For Girls and Boys

WINTER SESSION: STEM

Cascade Ridge Elementary

In this before-school TechVenture Robotics Club, kids explore BUILDING and CODING robots. Students have fun building various robotic creations with Lego We Do Kits, Wonder Robots or Ozobots, depending on student skill, experience and interest as they program their creations to complete simple tasks. Delving deeper into computer science, collaborating with others to program their robots in solving multi-step challenges.

WHEN: Jan 18 - Mar 15, no class 2/22

8 to 910am

WHERE: Portable 3

FEE: \$200/student

Grades K-2

Fridays
