ATTENTION PARENTS: Class are for all skill levels with no previous experience required.

All classes are held on the Cascade Ridge campus. Before school class will dismiss students to their regular school classes. Student attending afterschool classes go directly to their enrichment class following their regular school day. Please pick up your students at Portable 2. Parents are welcome in the classes at any time. Coyote Club participants will be walked to their location by our instructor at the conclusion of class. There are no classes if there is no school (i.e. holidays, teacher in-service days, or snow). If school is released early due to weather, all afterschool activities will be cancelled. Tuition is 100% refundable (minus \$10 for administration costs) if you call to cancel **before the second class**.

After the registration deadline, please call before sending your child to a class they are not registered for, as the class may have been cancelled or rescheduled.

\$\$ Any student on free or reduced lunch qualifies for a scholarship. Scholarships are for a 25% reduced tuition on one class per quarter. Please call 425-449-9443 for details

Cascade Ridge Elementary - Class Descriptions

DRAMA – Village Theatre Kid Stage (8 classes) 3-5th Graders 1st class 10/8/14, Last class 11/26/14 **\$251**

In this Acting class we will strive to become WHIPY KIDS. To make this possible we must explore the good, bad, and smelly cheese of our life lessons. We will use scenes from Jeff Kinney's award-winning books and films to create memorable characters and explore the acting basics. We will also enrich our acting techniques through fun filled games, exercises, improvisation, and more.

ABOUT VILLAGE THEATRES KIDSTATE: Village Theatres KIDSTAGE is uniquely designed to use theatre to build critical life skills in each participant. In KIDSTAGE classes rehearsals, our techniques creativity, collaboration, problem solving, concentration, public speaking, and a strong work ethic. While some students are on a path to Broadway, all students are improving their futures and increasing self-confidence through improvement in Village Theatre's Youth Education Programs. KIDSTAGE hires highly trained professional artists and arts educators and provides them with additional training in child development and KIDSTAGE techniques.

TechnoClub (8 classes) (2nd – 5th graders) 1st class 10/9/14, last class 12/4/14

\$189

Through TechnoClub kids are exposed to computer programs ranging from graphic art, animation, programming, gaming and much more in a no-stress, no-tests setting with their friends and produce their own masterpiece.

Our mission is to provide them tools to be ready for the digital world at an early age

Why TechnoClub?

- TechnoClub has age appropriate, fun filled, hands on exercises and theme based projects to help master the skill
- Wide variety of applications taught
- Kids gain academic enrichment and use learned computer skills in their school projects
- Individual and group work gives them opportunity to be creative, collaborative and express themselves with digital media
- Develops skills like problem solving, concentration, communication and collaborating
- Most applications taught are free or open sourced and easily available at home so the students can continue practicing and having fun with them.

Program Offered By TechnoSmartKids Taught by instructors with years of experience in computers and teaching

Computers will be provided but students will need to bring their own 4 GB USB drive to save their work.

LEGO® – JR Engineers – Leap4kidz (8 Classes) (3rd-5th grade) 1st class 10/8/14, last class 12/3/14

\$189

LEGO Jr Engineers class offers an integrated STEM curriculum including science, technology, engineering, math, as well as history, language arts, and team decision making to children using LEGO® bricks and motors. This is a hands-on class where students will build and design with Legos and receive an introduction to levers, gears, pulleys, and more using batteries and motors to bring their creations to life!

LEGO® – JR Builders – Leap4kidz (8 Classes) (K-2nd grade) 1st class 10/9/14, last class 12/4/14

\$189

LEGO Jr Builders class offers an integrated STEM curriculum including science, technology, engineering, math, as well as history, language arts, and team decision making to children using LEGO® bricks. This is a hands-on class where students will build and design with Legos bricks creating things from the world around them!

ART -Anyone can be an Artist with twice the Clay – Flint Crumpacker (8 Classes) 1st class 10/10/14, last class 12/5/14 **THIS IS A 1.5 HOUR CLASS**

\$172

The ability to create art is intrinsic. Everyone at any age can learn about and create fine art and communicate through visual art. Using drawing, painting and sculpture, students will explore a broad range of techniques, materials, and ideas that are formative and provide lifelong lessons in art. Experiences include drawing three dimensional objects, figures and self-portraits, and abstract approaches in drawing using a variety of painting mediums, collage, and sculpture. Students are encouraged to communicate their ideas and expand on them through visual media and above all to have fun and challenge themselves. Art history is discussed through books and printed materials. Mr Crumpacker has a Masters of Fine Arts from the University of Washington, he is a professional Artist and has been teaching art to students of all ages for 19 years. Every skill level is welcome. All art materials will be supplied.
