

# Let's Code Minecraft Mods!

## [NEW SESSION: Cascade Ridge Elementary](#)

In TechVenture Kids' **LEARN TO MOD Code Club**, your kids explore how to change their Minecraft world, how to mod it!

Working in **ThoughtSTEM's powerful online environment**, students learn coding concepts that give them the power to build new ideas & implement them in their very own Minecraft world.

Students choose to code with visual building blocks or Javascript & learn through a series of tutorials, puzzles and group discussions!

### **STEM Enrichment**

1. Programming
2. Math concepts
3. Problem Solving
4. Storyboarding
5. Collaboration
6. Creativity
7. Presentation

**Student min: 10, max: 18. We provide the laptops. Students are required to have their own Minecraft user accounts for the computer.**

**Who: Grades 3-5**

**When: Tuesdays, 3:00p – 4:30p  
Oct 4 – Nov 22 (8 weeks)**

**Where: Cascade Ridge Elementary, Portable 3**

**Fee: \$249/student**
