

END OF YEAR CAST-OFF ACTIVITY

Treat Stations- Walk, Bike, Scooter or Drive up pick up

Date: mid June -TBD

Time: *Approximately 11:30am – 2:30 pm*

Location: Trossachs Neighborhood

While we cannot gather for a 5th grade party, we still wanted to do something fun for the 5th graders. We set up 5 stations throughout the Trossachs Neighborhood over 2 days . The treat stations will be outside and kids can walk, bike or drive with their parents to pick up a treat during certain afternoon hours. We will follow the 6 feet guidelines outlined by the Governor and all volunteers will have gloves and masks. The items will be picked up outside of driveways and a list of addresses will be provided. For kids who live outside of the neighborhood they can drive, for kids in the neighborhood we hope they will walk, bike or scooter.
