## President's Letter

All You Need Is...

It's February already?! In a classic ode to valentines, Paul McCartney and John Lennon once sang 'all you need is love'... maybe true, but as we look forward to an extremely busy spring and further to next school year - I would amend that to also include... 'all you need is love and volunteers'.

Last year the Cascade Ridge Science Fair presented nearly 250 student experiments – plus offered fun concessions and featured numerous local exhibitors. Please consider lending a few hours to host our CRE families and engage our budding scientists in a fun evening. Email [sciencefair@cascaderidgeptsa.org](mailto:sciencefair@cascaderidgeptsa.org) for more info.

Likewise, at our last general membership meeting we voted in our Nominating Committee, who will find volunteers to serve on the PTSA Board and other chair positions for the 2016-17 school year. Thank you to our Nominating Committee – Jen Belding, Sandy McNees, Jackie Mueller, Angela Fischer and Mary Jo Webb - for tackling this responsibility. If you are interested in learning more about a position on the board, please contact one of these committee members.

Lastly, please consider lending your voice to our Fundraising Committee as we plan for the fall. Orange Ruler? Walk-a-thon? Silent auction? Be a part of the decision-making that will keep our programs going for 2016-17. Did you know PTSA pays for a portion of our teaching assistant salaries? All the more reason why fundraising is VITAL to Cascade Ridge. Help us plan NOW for next year's success!

## YMCA Play Everyday

Starting on February 1<sup>st</sup>, the PTSA will begin a partnership with YMCA's playEVERYDAY program on Mondays. Coach James will be here for lunch recess to provide students with **optional** recess activities and games. The goal of the program is to get all kids playing by providing group games that all kids can participate in with no waiting time and that they can easily duplicate on their own. These games are designed to further develop the student's interest in physical activity. Be sure to ask your child if they have met Coach James at recess.

## Reflections Competition

PTA's Reflections Art Contest has wrapped up at the district level. Our student's art work was on display at Issaquah High School, along with the district finalists from other participating schools in the Issaquah School District. Cascade Ridge had twelve entries this year, ten in Visual Arts, one in Music composition and two in Literature.

Congratulations to Cascade Ridge Elementary 4th grade student Ananth Krishnan. His music composition, titled "Witch's Craft", has advanced to the WA State PTA Level of the National Reflections contest.

The judges were impressed with the 256 entries selected to complete at the district level of the competition and it was difficult to select only 53 finalists.

Congratulations and thanks to all 39 Cascade Ridge students for their creative and thoughtful entries this year! Hopefully, you are inspired to enter again next year, and have inspired your fellow Coyotes to participate as well!

## Seattle Sounders

Coming this May...Cascade Ridge Elementary Night with The Seattle Sounders FC!

6:00 p.m.

The Issaquah Schools Foundation and ArtEast are partnering on the "Incredible Intensity of Just Being Human" project. This very special months-long event will bring an art exhibit focused on the themes of mental illness and mental health to Issaquah schools and community. The exhibit itself will run from April 18 through June 30th and feature juried art located at three different art galleries in the greater Issaquah area. In addition, the exhibit will serve as a platform for panel discussions, tours, and school/community art, poetry and music activities focused on the theme of mental wellness. Everyone is invited to attend this kick-off event, which will be followed by a reception located at the ArtEast gallery on Front Street in downtown Issaquah. Put this on your calendars! More information and a complete list of activities will be provided later in the spring.

Lastly, I caught this segment on the Today show and thought it was worth sharing. Might be a good time of year to discuss those safety plans with your family! <http://www.today.com/video/why-you-have-less-time-to-escape-a-house-fire-today-than-30-years-ago-601680451516>

## PTSA Movie Night

Minions galore! It was a fun successful night. About 180 Minion fans gathered in the Café for movie, crafts and treats. A big Tank YU! (thank you in Minion language) to our Movie volunteers: Melanie Kusmik, Michele Brady, Anne Miller, Farzana, Jane Huber, Erin Park, Thevina, Anne Fischer, Iralde Jose Sicilia, Andrew Schweitzer and the school support staff.

Missed out on the fun? Don't worry! We will be having another movie night upcoming in May. Look for your chance to vote which movie we show in April!

## PTSA Volunteer Spotlight

The PTSA would like to “spotlight” Michele Brady for her dedication to our school community!

Michele maintains the PTSA website in all its complexity. Whether you are registering your child for a program, clocking minutes for Eager Reader, signing up for volunteer positions or looking for information about upcoming events, Michele is the one who makes it all come together. She (along with the graphical expertise of Shuling Huber) is always refining this valuable resource that serves our community so well.

This year Michele was also instrumental in bringing the PTSA classroom volunteer process online, this saved many hours of manual work for our volunteers as well as made it much easier for parents to sign up to volunteer.

In addition to the significant contributions above, Michele is always willing to help out wherever the need may be – such as Book Fair chair, support to the new chairs and a familiar face at school, always popping in to help in her kids' classrooms.

Michele is a delight to work with, quick to understand any requests and implement solutions with amazing speed.

Thank you, Michele, for being such a great asset to our school! We are so lucky to have you as part of our volunteer force, and the Cascade Ridge PTSA thanks for your dedication!

## Volunteer Thank You

Big thanks to Kim Vivash and Teresa Marshall and their team of helpers for Cascade Ridge's first Movie Night. It was a fun night and we are looking forward to the next show!

Last week was Class Picture Day, when we take all the group photos seen in the yearbook. This would not have been possible without the help of Kanika Arora, Brooke Daggett, Ajita Gopikrishnan and Krystl McCandlish. Thanks so much for your time and help.

## Volunteers Needed

### *Art Walk Chair:*

The Art Walk is an opportunity for our creative coyotes to exhibit the arts and crafts that they have been creating throughout year, with the help of their wonderful classroom Art Docents. It is currently scheduled to take place in May.

We are still hopeful that there is one or more of you out there who will volunteer to coordinate this PTSA event. The halls of the school already look like an art gallery with the amazing artwork. We would love to open the doors in the evening so that the community can appreciate the abundant artistic talent in the school. Please consider chairing this event – you will have plenty of support. The PTSA is only as strong as its volunteers – your involvement helps enrich the school experience.

If you are interested, please contact Carolyn Roberts at [tycar74@hotmail.com](mailto:tycar74@hotmail.com)

### *Science Fair Volunteers:*

We can never have enough help for the Science Fair – volunteers are needed for judging, award distribution, science demonstrations, concessions, set up and tear-down. This event is just around the corner and help is still needed. Please contact the Sandhya Kumar (<mailto:sciencefair@cascaderidgeptsa.org>) or sign up [online](#).

## Fundraising Chairs Needed

Want a great opportunity to work with friends and benefit your child's education? Cascade Ridge PTSA is in search of a group of 5 energetic volunteers to create our fundraising committee for 2016-17! No one needs to "chair" this, but instead work together as a team to plan/create our fundraising event next fall! Interested? Grab some friends and contact Kelly Huber ([kellyahuber@aol.com](mailto:kellyahuber@aol.com)) or Jaime Foreman ([jaimeforeman@comcast.net](mailto:jaimeforeman@comcast.net)) for more information!

The classroom that collects the most Box Tops by **February 23<sup>rd</sup>** will win a **Yo Plateau** class party!

# New Bond For the New Year

Building the Future for ISD Students - School Construction and Maintenance Bond

April 26, 2016 Ballot – Quick Facts

## What is a school bond?

- **The State of Washington does not fund the regular building or maintenance of public schools. Instead, local voters must approve school bonds for this purpose.** Similar to a mortgage, bonds may be paid for over 20 years, helping to keep annual costs lower for taxpayers. Issaquah School District's current bonds are, on average, paid off in nine years. This shorter duration saves taxpayers' money.
- **State law mandates that bond dollars be used only for building and maintenance, not classroom operations or salaries.** Careful bond planning, however, is one critical way districts preserve classroom funds. For instance, if a roof fails at an elementary school, the cost of replacement can be upwards of \$2 million, equivalent to 23 teaching positions. If no bond funds are available, classroom operations dollars must be used instead.

## What is in the 2016 Bond?

- **The construction of four new schools:** The District has grown by more than 2,000 students in the past four years and is conservatively projected to add an additional 1,500 to 2,000 students in the next five years. This continued enrollment growth requires the addition of two new elementary schools, a 6th middle school and a 4th comprehensive high school.
- **Property for school sites:** The District must acquire the property needed for the new schools in the 2016 Bond.
- **Rebuild Pine Lake Middle School:** Originally built in 1974, PLMS will be completely reconstructed on site, providing a new learning environment with updated technology and energy efficient operations.
- **Critical Expansion/Modernization of six existing elementary schools:** In order to accommodate growing student populations and provide for State funded Full Day Kindergarten; Discovery, Endeavour, Sunset, Cougar Ridge, Maple Hills and Clark Elementary schools will all be expanded/modernized by four to eight classrooms each.

## How will the 2016 bond impact taxes?

- In relation to current property taxes, residents can expect to see NO increase in the tax rate if the bond is approved. The tax rate will remain at or below the current \$4.14 per \$1000 of assessed property value.
- How do we keep your tax rate stable? The District has experienced rapid growth in the total assessed value of property due to continued new construction of housing and commercial properties as well as higher valuations for existing homes. Additionally, in order to support our goal of predictable taxes, the District has structured a decrease in its current long term tax collections allowing for the "new" taxes generated by the 2016 Bond to not increase your tax rate.

For more information, visit the district website: <http://www.issaquah.wednet.edu/2016-school-bond-feasibility>

# Adjusting School Start Times

The Issaquah School District has received numerous requests from parents and community members asking for a later start time for our high school students. In response, the Superintendent directed senior staff to study the issue from an operational and financial standpoint with the following parameters.

- School start and end times for all grade levels must occur between 8:00 a.m. and 4:00 p.m.
- The tiered bus system, which saves hundreds of thousands of dollars annually, must be kept intact.
- The change to the high school start time must be significant.
- The costs associated with changing to later start and end times must be fiscally responsible.

<u>Proposed Bell Times</u>

After careful study by the Chief Financial Officer and the Director of Transportation in conjunction with District administrators, the following proposal has been put forth for consideration:

The District plans to make a decision by mid-March. The change is operational in nature, and therefore the decision of the District, rather than the School Board. The District will reach out to families, staff, and community members with an online forum called Thought Exchange in mid-January to gain feedback on the proposed start and end times. Public meetings will subsequently be held so that the District and the community can dialogue and discuss the pros and cons of changing the bell times.
